Caitlin completed her undergraduate degree in Landscape Architecture in 2019 at the University of Pretoria. She began her career as a Landscape Architectural Technologist Intern at Newtown Landscape Architects in 2020. She is passionate about the natural and urban environment including the design, planning and restoration thereof and hopes to improve any spaces she works in. She wishes to continue her studies by doing Honours and Masters and thereafter becoming a registered professional.

EXPERIENCE: ***Landscape Architectural Technologist Intern***

NEWTOWN LANDSCAPE ARCHITECTS:

Landscape design: landscape development plans, quantification of landscape, working drawings, reports, plant research and selection.
